

CORDLESS RECIPROCATING SABRE SAW

DCS388

Congratulations!

You have chosen a DEWALT tool. Years of experience, thorough product development and innovation make DEWALT one of the most reliable partners for professional power tool users.

Technical Data

DCS388		
Voltage	V_{DC}	54
Type		2
Battery type		Li-Ion
No load speed	min^{-1}	0–3000
Stroke length	mm	28.6
Cutting capacity in wood/metal profiles/ plastic tubes	mm	300/130/160
Weight (without battery pack)	kg	3.54

Noise values and/or vibration values (tri-ax vector sum) according to EN62841-2-11:

L_{PA} (emission sound pressure level)	dB(A)	85
L_{WA} (sound power level)	dB(A)	96
K (uncertainty for the given sound level)	dB(A)	3

While cutting boards

Vibration emission value $a_{h,B}$ =	m/s^2	13
Uncertainty K =	m/s^2	1.5

While cutting wood beams

Vibration emission value $a_{h,WB}$ =	m/s^2	10.0
Uncertainty K =	m/s^2	4.3

The vibration and/or noise emission level given in this information sheet has been measured in accordance with a standardised test given in EN62841 and may be used to compare one tool with another. It may be used for a preliminary assessment of exposure.

WARNING: The declared vibration and/or noise emission level represents the main applications of the tool. However if the tool is used for different applications, with different accessories or poorly maintained, the vibration and/or noise emission may differ. This may significantly increase the exposure level over the total working period.

An estimation of the level of exposure to vibration and/or noise should also take into account the times when the tool is switched off or when it is running but not actually doing the job. This may significantly reduce the exposure level over the total working period.

Identify additional safety measures to protect the operator from the effects of vibration and/or noise such as: maintain the tool and the accessories, keep the hands warm (relevant for vibration), organisation of work patterns.

EC-Declaration of Conformity

Machinery Directive

Cordless Reciprocating Sabre Saw DCS388

DEWALT declares that these products described under **Technical Data** are in compliance with: 2006/42/EC, EN62841-1:2015, EN62841-2-11:2016.

These products also comply with Directive 2014/30/EU and 2011/65/EU. For more information, please contact DEWALT at the following address or refer to the back of the manual.

The undersigned is responsible for compilation of the technical file and makes this declaration on behalf of DEWALT.

Markus Rempel
Vice-President Engineering, PTE-Europe
DEWALT, Richard-Klinger-Straße 11,

20.12.2019

WARNING: To reduce the risk of injury, read the instruction manual.

Definitions: Safety Guidelines

The definitions below describe the level of severity for each signal word. Please read the manual and pay attention to these symbols.

DANGER: Indicates an imminently hazardous situation which, if not avoided, **will** result in **death or serious injury**.

WARNING: Indicates a potentially hazardous situation which, if not avoided, **could** result in **death or serious injury**.

CAUTION: Indicates a potentially hazardous situation which, if not avoided, **may** result in **minor or moderate injury**.

NOTICE: Indicates a practice **not related to personal injury** which, if not avoided, **may** result in **property damage**.

Denotes risk of electric shock.

Denotes risk of fire.
